ABSENCES-SCHOOL DAY

Regular school attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school prepared for higher education and the workforce. To support academic success for all students, the school will partner with students and their families to identify and reduce barriers to regular school attendance. The school will utilize a continuum of strategies to reduce student absences including, but not limited to:

- Notifying the parent or guardian of a student's absence;
- Developing and implementing an absence intervention plan on a case-by-case basis, which may include supportive services for students and families;
- Counseling;
- Parent education and parenting programs;
- Mediation;
- Intervention programs available through juvenile authorities; or - Referral for truancy if applicable.

SCHOOL DAY

School Doors open at 7:30 AM

Student Dismissal at 2:50 PM

MISSING CHILD ACT

Parent (s)/guardian(s) MUST notify the school on the day a student is absent unless previous notification has been given in accordance with school procedure for excused absences. The building administration or a designee is also required to notify a student's parents, custodial parent, guardian, legal custodian or other person responsible for him/her when the student is absent from school. The parent or other responsible person shall be notified by telephone or written notice shall be mailed on the same day that the student is absent. Parents or other responsible persons shall provide the school with their current home and/or work telephone number and home addresses, as well as emergency telephone numbers.

ACCIDENT - SICKNESS

Parents will be notified if their child should have an accident or become sick during the school day. Parents will be requested to come to the school and pick up their child. If this is not possible, you may request a member of the administration to take your child home, if someone will be in the home to care for them. **Each child is required by Law to have an emergency medical card on file in the school office within two weeks of enrollment that states a course of action in case of emergency.**

ANTI-HAZING POLICY

It is the policy of the Harrison Hills City School District Board of Education that hazing activities of any type are inconsistent with the educational process and shall be prohibited at all times. No administrator, faculty member, or other employee of the school district shall encourage, permit, condone, or tolerate any hazing activities. No student, including leaders of student organizations, shall plan, encourage, or engage in any hazing.

Hazing is defined as doing any act coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk or causing mental or physical harm to any person. Permission, consent, or assumption of risk by any individual subjected to hazing does not lessen the prohibition contained in this policy.

Administrators, faculty members and all other employees of the school district shall be particularly alert to possible situations, circumstances or events which might include hazing. If hazing or planned hazing is discovered, involved student shall be informed by the discovering school employee of the prohibition contained in this policy and shall be required to end all hazing activities immediately. All hazing incidents shall be reported immediately to the Superintendent. The contents of the policy shall be distributed in writing to all students and school district employees following its official adoption by the Board of Education. In addition, this policy shall be the subject of discussion at employee staff meetings or in-service programs.

AREAS OF PROHIBITED STUDENT CONDUCT (Zero Tolerance)

Students are expected to conduct themselves in such a way that they respect and consider the rights of others. Students of the District must conform to school regulations and accept directions from authorized school personnel. The Board has "zero tolerance" of violent, disruptive or inappropriate behavior by its students.

A student who fails to comply with established school rules or with any reasonable request made by school personnel on school property and/or at school-related events is subject to approved student discipline regulations. The Superintendent/designee develops regulations which establish strategies ranging from prevention to intervention to address student misbehavior.

Students and parents annually receive, at the beginning of the school year or upon entering during the year, written information on the rules and regulations to which they are subject while in school or participating in any school-related activity or event. The information includes the types of conduct which are subject to suspension or expulsion from school or other forms of disciplinary action. The Board directs the administration to make all students aware of the student code of conduct and the fact that any violations of the student code of conduct are punishable. The rules also apply to any form of student misconduct directed at a District official or employee or the property of a District official or employee, regardless of where the misconduct occurs.

If a student violates this policy or the code of conduct, school personnel, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the State of Ohio and local ordinances. The Superintendent has the authority to expel a student from school for a period not to exceed 80 days, unless it involves a firearm, knife, bomb threat, or serious offense that causes harm to a person or property. These offenses can result in an expulsion up to one year. If there are not enough days remaining in a school year the expulsion can be extended into the new school year. Certain behaviors can result in the permanent expulsion of a student. The school district policy will be posted in each building.

ASSEMBLIES

Assemblies are popular with students. However, they cannot be successful unless all members of our school cooperate to make them so. The following rules must be followed.

1. At the appointed time, quietly go to your assigned area.
2. Use no other form of applause than clapping of hands.
3. Refrain from reading, talking or engaging in any other actions that may detract from the program.
4. Wait your turn to leave the assembly. Each group will remain seated until it is their turn to leave.
5. Since attendance at an assembly is a privilege, prior to administrative approval, teachers may require all work to be completed before a student is permitted to attend.

EXCUSED ABSENCE (WITH LEGITIMATE EXCUSE)

Absence from school for any reason other than those listed below and recommended by the State Department of Education, State of Ohio, is not acceptable and will be unexcused. The teacher, student, and family should share in the responsibility for completing work missed due to excused absences.

1. Personal illness or illness in the immediate family requiring the student to stay home. It is the responsibility of the parent to make contact with the school.
2. Doctor or dentist appointment. (must provide note upon return)
3. Death in the family or a close friend.
4. Religious holidays as related to your own faith.
5. "Act of God" such as weather or unexpected home calamities.
6. Family going on vacation: This is to be discouraged and must be approved by the building administration one week in advance. Failure to secure this permission will cause the absence to be unexcused. Please schedule all vacations at a time that does not interfere with your son's or daughter's testing schedule.
7. Attending a wedding or graduation ceremony of family or close friend.
8. Attending an institution of higher learning. This applies only to seniors who are allowed two days and juniors who are allowed one day.

EXCUSED ABSENCE NOTES/COMMUNICATION (MUST INCLUDE)

1. Student's name
2. Date or dates of absence
3. Nature of absence (must meet list 1-8) and description.
4. Parent or guardian's signature

Any student absent under doctor's care should bring the slip when he/she returns to school with the dates and doctor's signature. Early dismissals for purposes other than professional appointments will be granted with parental permission and will be recorded as unexcused time out of school. All work missed will not be made up.

UNEXCUSED ABSENCE (WITHOUT LEGITIMATE EXCUSE)

The pupil is absent from school while it is in regular session with the knowledge of the parents, but is in violation of the school attendance rules. Any excuse not having a specific reason stated will be classified unexcused. Excuses signed by 18 year old students and not by a parent or guardian, unless living away and are self supporting, will be classified unexcused. When a student returns to school and no parental or guardian response to the absence has been recorded, the said student will be deemed unexcused.

MAKE-UP WORK

After an excused or unexcused absence from class or school, it is the student's responsibility to see the teachers of the classes missed and to arrange for making up class work. Getting assignments which were missed due to an absence from school is the student's responsibility. Any test missed will be made up in the number of days the student was absent and at a time convenient for the teacher. It is the responsibility of the student to initiate time to make up tests. All make up tests and/or make up work will be of the same format (objective, essay etc.) and of equal quantity as test and/or class work missed.

EXCESSIVE ABSENCES (EXCUSED AND UNEXCUSED ABSENCES COMBINED)

- Student is absent 38 or more hours in one school month with or without a legitimate excuse.
- Student is absent 65 or more hours in one school year with or without a legitimate excuse.

When a student becomes excessively absent:

- The school will notify the student's parents in writing within 7 days of the triggering absence
- The student will follow the school's policy for addressing excessive absences

School policy for excessive absences:

- Student will be placed under monitoring by the school attendance officer
- Student may forfeit class and incentive field trips that would cause additional class absences
- Student and family may be referred community resources as appropriate.
- Student may be referred to the Absence Intervention Team

HABITUAL TRUANCY (UNEXCUSED ABSENCES)

- Student is absent 30 or more consecutive hours without a legitimate excuse
- Student is absent 42 or more hours in one school month without a legitimate excuse
- Student is absent 72 or more hours in one school year without a legitimate excuse

When a student becomes Habitually Truant:

-Within 7 school days of the triggering absence, the school will:

- Select members of the absence intervention team; and
- Make 3 meaningful attempts to secure the participation of the student's parent or guardian on the absence intervention team.
- Within 10 days of the triggering absence, the student will be assigned to the selected absence intervention team;
- Within 14 school days after the assignment of the team, the district will develop the student's absence intervention plan;
- Within 7 days after the plan is developed, the district shall make reasonable efforts to provide written notification to the student's parent or guardian; and
- The student has 60 days to successfully implement the plan.

If the student does not make progress on the plan, as determined by the absence intervention team, the attendance officer must file a complaint in juvenile court against the student on the 61st day after the implementation of the absence intervention plan. If, any time during the implementation phase of the absence intervention plan, the student is absent without legitimate excuse 30 or more consecutive hours or 42 or more hours in one school month, the school must have its attendance officer file a complaint against the student. This requirement does not apply if the absence intervention team has determined the student has made substantial progress on the absence intervention plan

SUSPENSION FROM SCHOOL

A student who has been suspended from school or from class will have the number of days of suspension charged against attendance limits. Parents will be notified of the suspension. Suspended students are not to take part in or attend any school activity, game or other function during suspension days.

SCHOOL SPONSORED OR SANCTIONED ACTIVITIES

School sponsored or sanctioned activities that have prior administrative approval are exempted from and will not count toward the total absences.

ATTENDANCE PROCEDURE

1. Attendance will be taken during homeroom and a list of absentees will be sent to the office via Progress Book.
2. Students who have been absent and do previous submit an excuse for being absent will immediately submit their written excuse to their homeroom teacher which will then be forwarded to the school office.
3. Each teacher will keep a record of attendance each period and turn in the names of any student who was absent from class but who's name did not appear absent on Progress Book.
4. A student coming to school tardy must first report to the main office with an adult that brought he or she to school and sign the sign in sheet provided by the office.

EARLY DISMISSAL FROM SCHOOL PROCEDURE

1. An early dismissal from school will be limited to illness, emergency, or professional appointment. Early dismissals will be treated as other absences. A request for early dismissal must be made before school begins in the morning.
2. Emergency - Students who become ill during the day must report to the school nurse for permission to call the parent or guardian to go home ill. The call must be made by the nurse, secretary or administration.

INJURIES/ILLNESS AT SCHOOL

If a student needs to return home because of an illness, the necessary permission will be initiated from the nurse's office. Students who sustain any injury on the school grounds MUST report that injury to the staff member supervising the situation, the school nurse or the building administration. An Accident Form must be filled out by the staff member in charge of the student after informing the school nurse.

BASIC RULES

1. Students should walk into and out of the building as they also walk in the hallways and throughout the building.
2. Respect for law and order and a courteous respectful attitude to those in authority are essential at all times for success. Students who desire to cooperate seldom encounter difficulty.
3. In the classroom, you should give your attention to the teacher, speaker, announcer, or student that is reciting.
4. Assembly and similar programs are measuring sticks of you and your school. Enter quietly, listen attentively, and applaud enthusiastically are ways to maintain the best traditions a school can have.
5. Be punctual and regular in attendance and study.
6. Take part in worthy projects for the good of the school.
7. Help new students to get acquainted. Offer every courtesy and services to visitors.
8. RADIOS, ELECTRONIC DEVICES, CELL PHONES, TOYS, ETC. ARE NOT TO BE BROUGHT TO SCHOOL. (IPOD'S , MP3 PLAYERS and HAND HELD GAMES) The school is NOT responsible for these or related items.
9. Never forget the "MAGIC" words PLEASE and THANK YOU.
10. Show respect to other students and yourself.

BUILDINGS AND GROUNDS

Care of our school is everyone's responsibility. As a center for our community and home activities, it is a constant task to maintain and improve our school. You can help by keeping the building clean and attractive. Report any damage which results to the building, whether accidental or malicious. Do not mark on walls, desks etc. Persons who do mark, deface or destroy any school property may be subject to dismissal and will have to repay the cost of the damage.

DISPLAY AREAS

Display areas are throughout the campus including the classrooms. Teachers and students carefully plan these exhibits to correspond with classroom projects, holidays, seasons, and special school events. Since these areas make our building pleasant and attractive, you are not to touch, remove or damage anything on display.

BUSING- STUDENT CONDUCT ON SCHOOL BUSES

The following regulations pertain to school bus conduct and are intended to ensure the safety and welfare of the students, the bus driver and other drivers on the road and to ensure safety and proper maintenance of school buses.

Students will:

1. Be careful in approaching bus stops, walk on the left facing oncoming traffic and be sure that the road is clear both ways before crossing the highway. Students wait for bus driver's signal to cross.
2. Be on time at the bus stop in order to permit the bus to follow the time schedule.
3. Sit in assigned seats. Bus drivers have the right to assign a student to a seat in the bus and to expect reasonable conduct similar to conduct expected in a classroom.
4. Reach assigned seat in the bus without disturbing or crowding other students and remain seated while the bus is moving.
5. Obey the driver promptly and respectfully and recognize that he/she has an important responsibility and that it is everyone's duty to help ensure safety.
6. Keep the bus clean and sanitary, refrain from chewing gum or consuming candy, food or drinks on the bus at any time;
7. refrain from loud talking or laughing (unnecessary confusion diverts the driver's attention and might result in a serious accident).
8. Keep head, arms and hands inside the bus at all times.
9. Be courteous to fellow students and to the bus driver.
10. Treat bus equipment as one would treat valuable furniture in his/her home (damage to the school bus is strictly forbidden).
11. Remain seated until the bus stops, wait for the signal from the bus driver and cross in front of the bus.
12. Obey student code of conduct as adopted by the Board.

Failure of a student to follow these regulations may result in a write-up on a bus conduct report as approved by the Board of Education.

Students are not permitted to change buses or ride buses to which they are not assigned. If an emergency situation arises and the parent is unable to contact the transportation office/transportation director, the parent must contact the building office. Any problems, other than those above, should be reported to the transportation director.

DISCIPLINE - The Board authorizes the Superintendent or other administrators to suspend a student from school bus riding privileges only for a period of up to one school year. The only due process required is notice to the student of an intended bus riding suspension and an opportunity to appear before the administrator considering the suspension before it happens. The administrator's decision is final.

COMMUNICABLE DISEASES

All students with signs or symptoms of diseases suspected as being communicable to others are given immediate attention and sent home if such action is indicated. Any student suspected or reported to have a communicable disease is examined by a school nurse/designee or public health nurse. The student may be excluded from school, according to the guidelines set forth by the Ohio Department of Health. Re-admission is dependent upon a decision by a physician, school nurse or local health department.

Parents are informed when a communicable disease occurs in their child's classroom or on the bus so that early signs or symptoms can be observed and appropriate preventive measures can be instituted

Contagious Diseases -The following diseases are classified by the Ohio State Department of Health as "Communicable Disease," and the exclusion from school of the actual patient is recommended as follows:

<u>DISEASE</u>	<u>INCUBATION PERIOD</u>	<u>CONTROL MEASURES</u>
Chicken Pox	10-21 days	Exclude from school until the sixth day after onset of rash or until lesions are dry.
Conjunctivitis (Pink eye)	24-72 hours	Exclude until 24 hours of antibiotic therapy until discharge ceases.
Measles	7-18 days	Exclude for at least 4 days following the onset of rash Can return on day 5

Students suspected on having STD's should be referred to a family physician, local health department or other appropriate medical resources for prompt diagnosis and treatment. Information regarding STD's must be held in strict confidence.

COMMUNICATIONS

At the beginning of each month, a bulletin of events and a menu will be sent home with each student for that particular month and/or made available online on the district's website. Parents should expect their child to bring this home as it provides information on classroom activities and homework. Student progress including quarterly reporting will be available online on Progress Book to inform the parents of the academic status of their child throughout the school year. If online reporting contains failing grades, please call the school office to schedule a conference. This will help us work together for your child.

CONFERENCES

The school is always open to anyone who wishes to confer with teachers or administrators about school business. However, we do appreciate you calling first, if possible, so that a suitable time can be scheduled for all concerned. Contact the school office/school secretary who will schedule a specific time and date.

COUNTERFEIT AND LOOK-ALIKE DRUGS

The Harrison Hills City School District Board of Education also prohibits making, selling, and possessing counterfeit drugs and related tools including, but not limited to true look-alike and over-the-counter stimulants and depressants.

DIVORCED PARENTS OR CUSTODIAL PARENTS

The school wants to cooperate with the parents of our students, but we must do so according to Ohio Law. Sometimes parents have disagreements and make request of school personnel regarding releasing children during the school day. **If custodial arrangements, which have been court ordered, restrict access to the child or his/her records, a copy of the complete order must be on file in our office.** This court-issued document directs the school.

DRESS CODE

Student dress and appearance are forms of symbolic expression. Although the primary responsibility for dress and appearance lies with the student and his/her parents, the school does require that students' dress and appearance conform to the guidelines listed below in order to be consistent with the above stated philosophy and positive self-imaging of the schools. The District's responsibility in this regard is three-fold.

1. The district must help prepare each student to become confident, responsible and productive citizens.
2. The district must maintain an atmosphere in which students can learn.
3. The district must be concerned for the safety of each student.

The following regulations will be enforced:

1. Clothing should be safe and clean. The student should practice good personal hygiene.
2. School clothing should be appropriate as to time, place and weather.
3. Clothing, patches, insignias, slogans or buttons which are in poor taste, suggestive, derogatory, provocative, obscene, profane, vulgar or drug related are not to be worn. Tobacco and/or alcohol slogans are examples of drug-related slogans which are not permitted.
4. No hats, caps, unnecessary headgear/headbands, gloves or sunglasses are to be worn in the building.
5. Only manufactured sleeveless shirts may be worn (NO cutoff sleeve shirts). Tank tops alone may be worn only if the strap is (3) fingers wide or larger.
6. Muscle shirts, see-through, sheer or exposing garments or shirts normally worn as undergarments are not to be worn as outer garments. Halter tops, tube tops, midriff blouses, cutoff or shimmer T-shirts or any other style of garment that exposes the torso are not permitted. No clothing with revealing cuts or slashes are permitted.
7. Appropriate foot wear is to be worn at all times.
8. Clothing must be at least mid-thigh in length. Short-shorts, tight shorts or cut off shorts are not permitted.
9. Wallet chains, chains or jewelry which may be perceived by the building administrator as a weapon or potential safety factor will not be permitted.
10. Facial piercing provided that it is not deemed excessive or a safety issue by the building principal will be permitted. However, body piercing must not be visible.
11. Objectionable tattoos, determined by the building principal, must be covered at all times.
12. Any other types of clothing, dress apparel, or bodily attraction that may be considered a cause for disruption to the school's educational process by the building administration will not be permitted.

WINTERTIME DRESS

PLEASE PARENTS: The teachers would appreciate your care in proper winter time dress. This is especially important when students go outside to play at recess time. REMEMBER: Problems can always develop that heat may not be available. It is better to be overdressed than have a child become cold.

ELEMENTARY HOMEWORK

I HAVE HOMEWORK

Your child's homework will depend on their grade level. There are several reasons for homework.

1. To provide extra practice on learned skills.
2. To provide further learning in areas covered in the classroom.
3. To provide an opportunity for students to learn good work habits.
4. To provide an opportunity for growth in responsibility.

We think learning is important and that learning should continue after school hours. Daily homework should not be viewed as punishment, but rather as a way to encourage and extend learning.

DO YOUR HOMEWORK

Parents can do their part to improve homework when they:

1. Cooperate with the school to make homework effective.
2. Provide their child with suitable study conditions (desk or table, lights, books, and supplies).
3. Reserve a time for homework and turn off the television.
4. Encourage their child, but avoid undue pressure.
5. Show interest in what their child is doing, but do not do the work for them.
6. Understand that the school expects homework to be completed and returned on time.

THE RIGHT WAY TO DO IT

A student who studies well:

1. Brings notebook, paper, pen, or pencil, and other materials to class.
2. Is an active participant in the classroom - listens well and takes part in discussion.
3. Ask questions if he/she doesn't understand the discussion if he/she has a problem.
4. Plans his/her work and schedules time for homework each day, makes sure he/she understands the assignment before he/she leaves the class.
5. Uses what he/she learns, sees how each subject applies to the other subjects.
6. Strives to do his/her best, not just enough to get by.

In general, homework is considered to be a time for skill practice, enrichment, or more in-depth attention to a given unit of study or subject area. Hard and fast rules concerning homework cannot be made since individual teachers may vary slightly in assignments. However, to establish uniformity for each grade possible, responsibility for homework should generally increase for grade one through grade five. If your child has persistent difficulties with homework, never seems to have homework, or always has too much to finish, you should confer with the teacher to see if there is a problem.

EMERGENCY MEDICAL AUTHORIZATION

At the beginning of each school year, or upon enrollment a student release form is provided by the school to parents or guardians for their children who become ill or injured while under school authority, when the parents or guardians cannot be reached. This form also enables you as a parent or guardian to refuse permission to the proper school authorities to carry out any emergency treatment. This is not local school policy, but one prescribed by Ohio Law Section 3313.712. It is important that each parent or guardian complete all information requested. This form must be returned within 14 days or your child will not be permitted to return to school. Reference: completion of OneView online

EMERGENCY SCHOOL CLOSING

Due to adverse weather conditions or other emergencies it may become necessary to close school. Please listen to: WTOV-TV, WTRF-TV, WWVA, WOVM, FROGGY, WEIR, WJER, WTUZ, WCDK. Also, you will receive a call on the automated phone system. In the event of an early school dismissal parents should discuss with their child where they should go for an alternate site if the parent is working or not at home. It is the responsibility of the parent or guardian to keep their address and phone number current.

The Board believes gangs or gang activity create an atmosphere where violations of policies and regulations as well as Ohio laws may occur. The Board directs the administration to establish regulations to ensure that any student wearing, carrying or displaying gang paraphernalia or exhibiting behavior or gestures which symbolize gang membership or causing and/or participating in activities which intimidate or affect the attendance of another student is subject to disciplinary action. To provide increased awareness of the threat to the safety of students, staff and school property which gang-related activity poses, training is provided by security on an as-needed basis. Presentations provide training in current identification symbols used by those involved in gang-related activity and include things such as the identification of hand signals, apparel, jewelry and/or any other pertinent gang-related information.

GRADING SYSTEM/STUDENT PROGRESS REPORTS TO PARENTS

Grade cards for students K-12 shall be issued at four intervals of nine weeks each. Progress shall be posted on Progress Book throughout the quarterly grading period for students K-6. Evaluations of student progress will be made as follows: Kindergarten students will be evaluated by the use of a check system to indicate their progress in social, personal and academic skills. Students grades 1-12 will be given the letter grades based on the percentage figures of:

95-100 = A	90-94 = A-		S= Work meets class requirements
87-89 = B+	83-86 = B	80-82 = B-	U=Work does not meet class requirements
77-79 = C+	73-76 = C	70-72 = C-	
67-69 = D+	63-66 = D	60-62 = D-	
Below 60 = F			

Students in grades 1 and 2 will receive letter grades in the following classes: Reading, Math, Spelling, and ELA/Writing. They will receive S's and U's in Art, Computer Science, Music, Science, Social Studies, and Physical Education.

Students in grades 3-6 will receive letter grades in the following classes: Reading, ELA/Writing, Math, Science and Social Studies. They will receive S's and U's in Art, Computer Science, Music, and Physical Education.

In grades 1-6, the four scholarship marks in each subject are cumulative for the year and are averaged for the final mark that determines whether credit has been earned. The final grade shall be determined by using the scale: A=4; A-=3.7; B+=3.4; B=3; B-=2.7; C+=2.4; C=2; C-=1.7; D+=1.4; D=1; D-=0.7; F=0 with: 3.71-4.00 = A; 3.51-3.709 = A-; 3.30-3.509 = B+; 2.71-3.299 = B; 2.51-2.709 = B-; 2.30-2.509 = C+; 1.71-2.299 = C; 1.51-1.709 = C-; 1.30-1.509 = D+; 0.71 -1.299 = D; 0.7-0.709 = D-; Below .70 = F

When final grades are given and the student is bordering between passing or not passing the year, the teacher shall confer with the counselor and principal and they shall determine the most educationally sound action in light of the circumstances of the grades

achieved. If the student is "placed" in the next grade, a statement listing the reasons for which the placement was made shall be filed in the student's cumulative folder.

Incompletes can be removed only by a student completing all required work. Making up incompletes is the responsibility of the student and is to be done at the convenience of the classroom teacher. Unless there are extenuating circumstances, causing the teacher and principal to extend the time period, the work must be completed no more than ten (10) days after each nine (9) weeks' grading period ends. An exception will occur in the last (fourth) nine weeks' grading period whereby, any incomplete received for the final grading period of the school year must be made up no later than the end of the teachers' work day (at the conclusion of the school year). Failure to make up incomplete course work within these time constraints will result in denial of credit for the course(s) in which a student has an incomplete.

Grades are a means of communicating degrees of success or failure to parents and students on actual academic achievement. Grades should be determined by having sufficient evidence (grades from homework assignments, classroom participation, projects, reports, quiz(s) and tests) to base the grade upon, that a minimum of 9 items during a nine-week period for grades K-3, 12 items for grades 4-6 and 15 items for grades 7-12.

There will be a place on the report card to write encouraging or critical notes, but the grade is to reflect the progress of the student performance. The Board recognizes that any grading system, however effective, is subjective in nature. Therefore, fundamental principles must guide all instructors in assigning marks and achievement:

1. The achievement mark in any subject should represent the most scientific estimate by the teacher of the achievement of the individual in the subject. Great care, understanding and empathy must be employed at all times in fairness to the student. A variety of evaluation measures will be used and accurate records shall be kept to substantiate the grade given.
2. Each individual must be given every consideration. An individual should not receive a failing grade unless he/she cannot meet stated minimum requirements.
3. Poor or failing grades should trigger a variety of instructional and intervention activities to assist the student to better grades.
4. Grades are never to be considered the goals of learning, they are merely the symbols which evidence the extent of learning. Grades are a consequence of learning and not the purpose for learning. The purpose of grades are to:

1. inform students concerning their scholastic progress
2. acquaint parents with the achievement of their children
3. enable teachers to evaluate their instruction and proper guidance techniques
4. provide administrators, consultants and guidance counselors with adequate, accurate records of student's progress and achievement.

GYM CLASSES

We have regularly scheduled physical education classes. Some suggestions that might help your child are:

1. Try to have tennis shoes for your child to wear.
2. Check your child's clothing as to dress on days that they have gym classes to be sure their clothing is appropriate.
3. Be sure a note from the doctor is sent to the teacher if for some reason your child is not to participate in gym classes.

HEALTH SERVICES

The Harrison Hills City School District will provide certain health services. The services at school are a vital function in the interest of the health of each child. The school health nurse will be available should the School Principal or designee need him/her. Their function is:

1. Maintain the health records.
2. Vision screening of students in grades Pre-K, K, 1, 3, 5, 7, and 9 and all teacher referrals from other grades.
3. Hearing screening to all Pre-K, K, 1, 3, 5, and 9 grade students and all teacher referrals from other grades.

5. Make home visits as it relates to health problems a student or students may have.
6. Encourage and participate in assemblies which are health related.

HEALTH & IMMUNIZATION REQUIREMENTS

(Students arriving from any country considered high risk for tuberculosis by the Bureau of Infectious Disease Control should have a Mantoux tuberculin skin test with follow up.)

Pupils who do not meet or exceed minimum immunization requirements should be considered inadequately immunized. Such pupils should not be admitted to school unless they have received at least one dose of DPT or TD (adult) vaccine, one dose of Polio vaccine, one dose of MMR Vaccine, one dose of HepB vaccine (according to the age/grade requirements for the current school year, and one dose of Hib (Preschool enrollment). It is permissible for a physician or health department to administer any combination of these vaccines on the same visit. Parents should be advised that failure to complete the balance of required DPT/Polio/MMR/HepB immunizations in a timely manner is basis for excluding pupils from school; parents should be further advised that re-admittance will not take place until proof of additional immunization(s) is submitted. Students failing to complete such immunizations within 14 days after entering are not permitted to return to school.

The required immunizations can be waived if a medical contraindication exists. A physician's written statement is required. Objection on religious or philosophical ground is a valid exemption only when a written statement to this effect is signed by a parent or guardian.

Searches of Student Property by Police

A law enforcement agency is required to produce a warrant prior to conducting any search of a student's personal property kept on school premises. When the police have reason to believe that any item which might pose an immediate threat to the safety or security of others is kept on a coat hook, desk or other storage space, searches may be conducted without a previously issued warrant.

PARENTAL INVOLVEMENT IN EDUCATION

The Board believes that parent involvement is an important part of the educational program. Current research indicates that a home-school partnership and greater involvement on the part of parents in the education of their children generally results in higher achievement scores, improved student behavior and reduced absenteeism. All parents are encouraged to take an active role in the education of their children.

1. Encourage strong home-school partnerships;
2. Provide for consistent and effective communication between the parents and school officials;
3. Offer parents ways to assist and encourage their children to do their best;
4. Offer ways parents can support classroom learning activities and
5. Provide opportunities for parents in the parental involvement program.

PERMANENT RECORDS

When a student enters school, a record of the students' school history is started. This record follows the student through school until the student withdraws or graduates from high school. It generally contains the students' academic accomplishments and other related information that may assist the present as well as the future teachers to better help the student in a learning situation. The accuracy of certain information, namely: exact name (legal name), birthday, and parent's names are very important. An emergency number is also important in case of an accident or sickness. If you transfer to or from another school district, a records release form must be completed and signed in order for records to be released or received.

PHOTOGRAPHS/PICTURES/VIDEOS

In order to maintain a progressive and coordinated program of public relations for our schools, district, and community; photographs/pictures and videos are at times taken during school events and published in various news articles, media events and/or district calendar/annual report. These photos are considered to be directory information and are not intended to be personally identifiable. If a parent does not want their son's/daughter's pictures to be used in any of the above mentioned examples, they should contact their building principal in writing and indicate on OneView.

PLAYGROUND RULES

PROMOTION AND RETENTION OF STUDENTS

The promotion of each student is determined individually. The decision to promote a student or to retain a student in a grade is made on the basis of the following factors. The district takes into consideration: reading grade, mental ability, age, physical maturity, emotional and social development, social issues, home conditions and grade average.

A child who has received a failing average in two of the major subject areas (reading, social studies, mathematics, ELA or science) should be considered for retention.

Promotion procedures demand continuous analysis and study of the cumulative student case history records. Guidelines include the following elements.

1. A student receiving passing grades in reading, social studies, mathematics, science, ELA is promoted.
2. A student having failing grades in reading, mathematics and ELA at the end of each year has his/her case evaluated by the district personnel for placement.

SCHOOL GROUNDS

PARENTS-VISITORS ARE TO REPORT TO THE OFFICE AT ALL TIMES UPON ENTERING THE BUILDING. If you are here to pick up a student for early dismissal, an appointment, conference, etc., office personnel will notify the student or teacher involved. **DO NOT GO DIRECTLY TO THE CLASSROOM.**

If any person other than the parent or guardian is to pick up the child, the school must have a written note from the parent specifying the necessary information. Remind your child that they will not be able to call home at the last minute in order to make after school arrangements to visit a friend. Notify the office in advance with your written permission if arrangements of this nature are necessary for your child. **PARENTS ARE REQUIRED TO SIGN OUT STUDENTS IN THE OFFICE BEFORE LEAVING OR SIGN IN IF THE STUDENT IS LATE.**

SEXUAL HARASSMENT

Students who engage in sexual harassment on school premises or off school premises at a school-sponsored activity will be subject to appropriate discipline, including suspension or expulsion. Sexual harassment is any activity of sexual nature that is unwanted or unwelcome, including but not limited to, unwanted touching, patting, verbal comments of a sexual nature, sexual name-calling, pressure to engage in sexual activity, repeated propositions, and unwanted body contact. The school's normal disciplinary procedures will be followed in determining the appropriate consequence for the sexual harassment. In the event the administration recommends suspension or expulsion as a result of the conduct, due process will be afforded to the student in accordance with the district's suspension/expulsion procedures.

Principals should encourage the reporting of any act that the student perceives as sexual harassment. Furthermore, the school staff should be informed as to how to respond to victims who come to them for help or just to talk about their problems. Principals should be aware that a hostile environment is not necessarily one that forces a student to drop out of school, it may be enough that a student's emotion well-being, sense of safety and security, dignity, and self-worth are adversely affected.

Principals should move expeditiously and decisively to stop harassment when it is identified, and to punish the offenders. Students who make allegations which are unfounded or made-up will be subjected to disciplinary action for unfounded damaging allegations.

Sexual harassment is a problem that should not be ignored and must be fairly handled for all concerned.

SUPERVISION TO AND FROM SCHOOL

The school is directly responsible for supervision of students only while they are on school property. Once they leave school property this becomes the responsibility of the parents.
